m¹ Education Course

By becoming an m¹ exclusive member you will immediately gain access to some of the best minds, solutions and knowledge available today for managing, protecting and retaining more of your money. As a member you will receive our multi-CD foundational education course compiled with our Global Alliance partners, experts recognized as among the best of the best in their professions. This course carefully guides the individual, whether a financial novice or more advanced, through a wealth of invaluable information, with the goal of implementing in your own life the same financial strategies that the wealthy use daily.

Did you know this is the American statistic?:

- Studies show that individual debt is growing 23 times faster than the economy.
- The average person is spending \$1.05 for every dollar they earn.
- Credit card debt totals more than \$750 Billion.
- More people will file for bankruptcy than graduate from college this year.
- The U.S. Department of labor shows the average annual family income at just \$37,000.

Canadians have debt too....

Ask yourself:

- Am I confident that I am working with true experts in their field?
- Do I have access to the same vehicles as the wealthy?
- Do I have proper estate planning to shield myself from unnecessary taxes?
- What about a College Fund for my kids? A fully funded Retirement plan for me?
- Does my family have the peace of mind of living wills and trusts?
- Am I paying more in taxes than I need to...or have to?
